

## Single Issue Voting

Our nation has a long history of voters who go to the polls to vote for a candidate or against another candidate based on a single issue.

From the abolition of slavery to civil rights for African-Americans and women, people have voted their principles and have made a difference for the better.

A political candidate's position on Roe vs. Wade is not about the availability of a medical procedure. It is about our government, through the courts and legislative bodies, giving one individual the legal right to kill another innocent human being.

We can change the political landscape by showing both major political parties that we will not accept candidates from either party who support abortion.

All human life has value and to make this a reality in the United States, we need to vote for candidates who are prolife.

### "PRESIDENT'S PLACE"

You've got to love this time of year. It's a time of change with the kids back in school, the weather getting cooler and the beautiful fall colors as the leaves begin to turn.

It's also a time for change in our Government. We have an opportunity with the November 7<sup>th</sup> election to replace Governor Granholm and U.S. State Senator Stabenow. With your help, we can fill these positions with people who value life. Please take time to read the information included in this newsletter on the candidates' stand on our life issues.

Don't underestimate the power of your vote. Together we can send a strong prolife message to our elected officials that will result in the protection of *all human life* from conception to natural death.

Yard signs are available at our office for RLM-PAC endorsed candidates. Call our office at 733-6300 if you'd like to stop by and pick some up.

We need volunteers to help make "get-out-the-vote" calls. Please see the details on the 1<sup>st</sup> page of the newsletter. Can you spare a few minutes to help?

Most importantly, please pray for the success of our prolife candidates.
