*This date was chosen to coincide with the release of the pro-life movie UNPLANNED, about the conversion of former Planned Parenthood manager Abby Johnson.*

*With its frank depiction of abortion, the film is expected to inspire a new wave of opposition to Planned Parenthood.*

*The #ProtestPP Nationwide Candlelight Vigil on April 13 provides an ideal opportunity to get involved. Join us to pray on April 13 as families gather coast to coast by the thousands to pray for the end of Planned Parenthood's abortion empire!*
